

# Global Tinplate Market (Value, Volume) – Consumption Analysis By End Use (Packaging, Electronics, Construction, Others), By Region, By Country (2018 Edition) – Forecast to 2023

- Tinplate – Production, Consumption
- Regional Analysis - North America, Europe, APAC, ROW.
- Country Analysis - USA, Canada, Mexico, Germany, UK, France, China, Japan, South Korea.

# Scope of the Report – Global Tinplate Market

			2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	
Global	Consumption (By Value)													
	Consumption (By Volume)													
	By End User Segment , By Value, By Volume	Packaging												
		Electronics												
		Construction												
Others														
Regional	Consumption (By Value)													
	Consumption (By Volume)													
	By End User Segment, By Value, By Volume	Packaging												
		Electronics												
		Construction												
Others														
Country	Consumption (By Value)													
	Consumption (By Volume)													
	By End User Segment, By Value, By Volume	Packaging												
		Electronics												
		Construction												
Others														
Company Analysis	Arcelor Mittal, U.S. Steel, JFE Steels, Thyssen Krupp, CPMC Holdings, Tata Steel, Tinplate Company of India Ltd., Nippon Steel & Sumitomo Metal Corporation													
Regional Analysis	North America, Europe, APAC, ROW.													
Country Analysis	USA, Canada, Mexico, Germany, UK, France, China, Japan, South Korea.

# Research Methodology

For our study on Global Tinplate Market, we have conducted comprehensive secondary research followed by an extensive primary research. In the process of secondary research, we have scrutinized industry documents, accessed from open sources, premium paid databases (Bloomberg, Thomson Reuters, Factiva) and our internal knowledge base. In the process of primary research, we have interviewed various industry experts across the value chain of the medical equipment and service industry.

Market size of the actual period (2013-2017) has been evaluated on the basis of growth trends of the industry in the last five years, and confirming the findings through primary research. Annual reports of the companies are scanned to further validate the market size and to estimate the size of various other applications. Market sizing and growth in the forecast period (2018-2023) is estimated through revenue mapping, growth of new advance equipment and technology and historical growth pattern of the industry. All the relevant data points/ statistics in the forecast period are validated through relevant and reliable primary sources.

Report Focus: Global Tinplate Market.

- By End User Segments (Packaging, Electronics, Construction and others )
- By Region (North America, Europe, Asia Pacific and ROW),
- By Country (U.S., Canada, Mexico, U.K, France, Germany, China, Japan and South Korea.
- Company Coverage ( Arcelor Mittal, U.S. Steel, JFE Steels, Thyssen Krupp, CPMC Holdings etc.)

**Companies Contacted: U.S. Steel, JFE Steels, Thyssen Krupp etc**

# Global Tinplate Consumption Overview

Global Tinplate Market has been boosted by the consumption of Packaging food and beverages

# Global Tinplate Consumption – By End-User Segment

In the forecast period, Packaging market is expected to gain as tinplate are more sustainable and eco-friendly.

## About Azoth Analytics Pvt Ltd.

Azoth Analytics is a business research and analytics firm that creates in-depth research reports and provides customized research solutions and consultancy services. Verticals in which Azoth Analytics specializes include healthcare and pharmaceutical, oil and gas, retail, chemicals, automotive, FMCG, food & beverages and technology. Azoth creates comprehensive and in-depth research reports by recording, interpreting and analyzing information. Strategic market sizing and data dredging techniques include secondary research, and primary research (interviews with management personnel and industry experts).

**Disclaimer:** *Azoth Analytics report information is based mainly on interviews and therefore, is subject to fluctuation. Azoth Analytics therefore, takes no responsibility for any incorrect information supplied to us by industry experts, manufacturers or users. Azoth does not warranty the completeness of the information and data. Also, analysis provided in the report are meant for customers' internal use only and not for general publication or disclosure to third parties.*
