

Global Industrial Boiler Market – By Capacity (10-150 BHP, 151-300 BHP, Above 300 BHP), By Product (Fire tube, Water tube), By Fuel (Coal, Natural Gas, Oil, others), By End User Industry (Food & Beverage, Paper & Pulp, Chemical, Refinery, Primary Metals, Others), By Region, By Country: Opportunities and Forecast (2018-2023)

- By Region (North America, Europe, Asia Pacific, Rest of World)
- By Country - U.S, Canada, Mexico, Germany, U.K, France, China, India, Japan

Scope of the Report – Industrial Boiler Market

			Historical					Forecast					
			2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
Global	Market (By Value) Million USD												
	By Capacity Type, By Value	10 -150 BHP											
		151-300 BHP											
		Above 300BHP											
	By Product Type, By Value	Fire Tube Boiler											
		Water Tube Boiler											
	By Fuel, By Value	Coal											
		Natural Gas											
		Oil											
		Others											
	By End User Industry	Food & Beverages											
		Paper & Pulp											
		Chemical											
		Oil & Gas Refinery											
		Primary Metals											
		Others											

Scope of the Report – Industrial Boiler Market

		Historical					Forecast					
		2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
Regional	Market (By Value in Million USD)											
	North America											
	Europe											
	Asia Pacific											
	Rest of World											
Country	Market (By Value in Million USD)											
	United States of America											
	Canada											
	Mexico											
	Germany											
	France											
	United Kingdom											
	Rest of Europe											
	China											
	Japan											
	India											
	Rest of Asia											
Company Analysis	General Electric Co, Thermax, ISGEC Heavy Engineering Ltd., AMEC Foster & Wheeler, Babcock & Wilcox, IHI Corporation, Clayton, Cleaver Brooks, Rentech Boilers, Hurst Boiler and Welding Company.											
Regional Analysis	North America, Europe, APAC											
Country Analysis	U.S, Canada, Mexico, Germany, France, U.K, China, India, Japan

Research Methodology

For our study on Global Industrial Boiler Market, we have conducted comprehensive secondary research followed by an extensive primary research. In the process of secondary research, we have scrutinized industry documents, accessed from open sources, premium paid databases and our internal knowledge base. In the process of primary research, we have interviewed various industry experts across the value chain of the Industrial Boiler industry.

Market size of the actual period (2013-2017) has been evaluated on the basis of growth trends of the industry in the last five years, and confirming the findings through primary research. Annual reports of the companies are scanned to further validate the market size and to estimate the size of various other applications. Market sizing and growth in the forecast period (2018-2023) is estimated through revenue mapping, growth of new advance equipment and technology and historical growth pattern of the industry. All the relevant data points/ statistics in the forecast period are validated through relevant and reliable primary sources.

Report Focus: Global Industrial boiler Market.

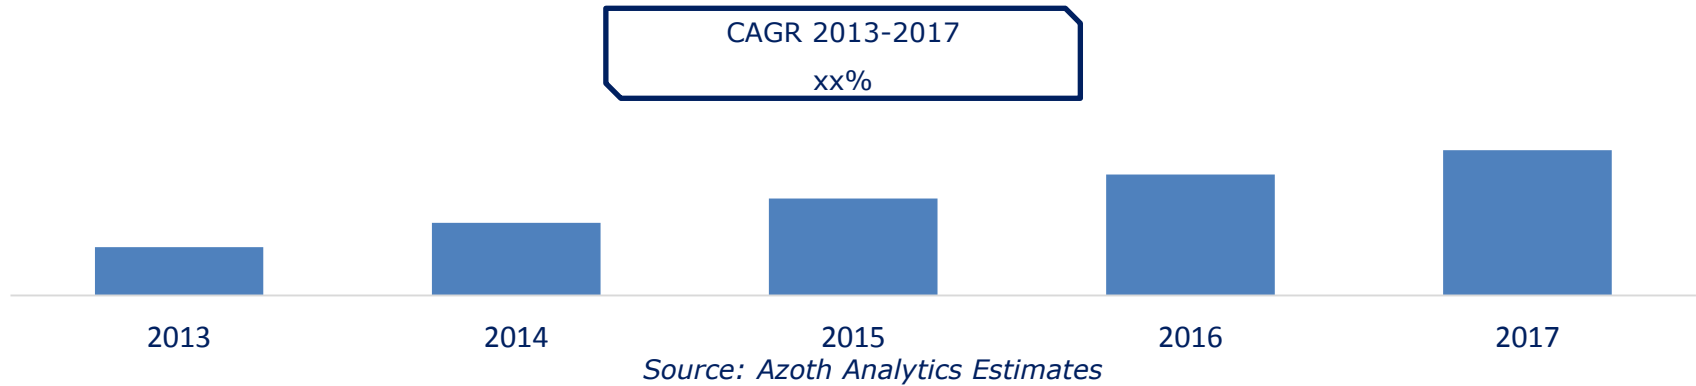

- By Capacity : (10-150 BHP, 151-300 BHP, Above 300 BHP)
- By Product : (Fire tube, Water tube)
- By Fuel (Coal, Natural Gas, Oil, others)
- By End User Industry (Food & Beverage, Paper, Chemical, Refinery, Primary Metals, Others)
- By Region (North America, Europe, Asia Pacific, Rest of World)
- By Country (U.S, Canada, Mexico, Germany, U.K, France, China, India, Japan)

Companies Contacted: GE Electric Co., Thermax, ISGEC Heavy Engineering Ltd.

Global Industrial Boiler Market: Growth & Forecast

Global industrial boiler market has advanced by the rapid industrialization in emerging economies, development of large manufacturing projects and rising energy demand.

About Azoth Analytics Pvt Ltd.

Azoth Analytics is a business research and analytics firm that creates in-depth research reports and provides customized research solutions and consultancy services. Verticals in which Azoth Analytics specializes include healthcare and pharmaceutical, oil and gas, retail, chemicals, automotive, FMCG, food & beverages and technology. Azoth creates comprehensive and in-depth research reports by recording, interpreting and analyzing information. Strategic market sizing and data dredging techniques include secondary research, and primary research (interviews with management personnel and industry experts).

Disclaimer: Azoth Analytics report information is based mainly on interviews and therefore, is subject to fluctuation. Azoth Analytics therefore, takes no responsibility for any incorrect information supplied to us by industry experts, manufacturers or users. Azoth does not warranty the completeness of the information and data. Also, analysis provided in the report are meant for customers' internal use only and not for general publication or disclosure to third parties.
