

**Global Oxygen Concentrator Market –  
Analysis By Product Type, By Flow Level, By End  
User, By Region, and By Country (2020 Edition):  
Market Insights and Outlook Post Covid-19  
Pandemic (2020-2025)**

- **By Product Type** – Standing, and Portable
- **By Flow Level** – 0 - 5 LPM, 5 - 10 LPM, and Above 10 LPM
- **By End User** – Hospitals, Clinics, Home Care, and Others
- **By Region** – North America, Europe, and Asia Pacific
- **By Country** – United States, Canada, Germany, France, United Kingdom, Italy, China, Japan, India, and South Korea

# Scope of the Report – Global Oxygen Concentrator Market

# Overview Of Global Oxygen Concentrator Market

Growth rate of Global Oxygen Concentrator market from 2020 to 2025 will be **XX%** in terms of CAGR

0 – 5 LPM oxygen concentrators is leading the Oxygen Flow Level with remarkable market share of **XX%** in 2019 globally

Global Oxygen Concentrator market was valued at **USD XX Million** in 2019.

Home Care are expected to occupy substantial market share of **XX%** in the year 2019 globally

Global demand for Oxygen Concentrator is expected to increase owing to growing prevalence of various respiratory and lungs diseases and severe impact of coronavirus on patients with investment in technology

North America occupied the largest market share of **XX%** in the year 2019 on the back of presence of leading manufacturers with investment in latest technology

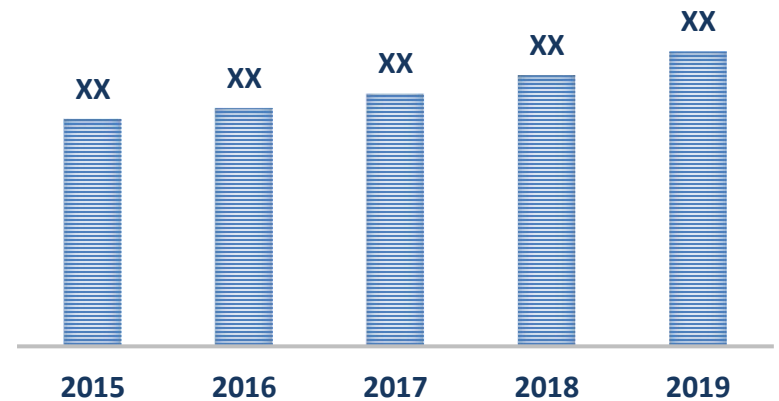

Portable, followed by Standing oxygen concentrators, are anticipated to dominate the market with market share of **XX%** in the year 2019 globally

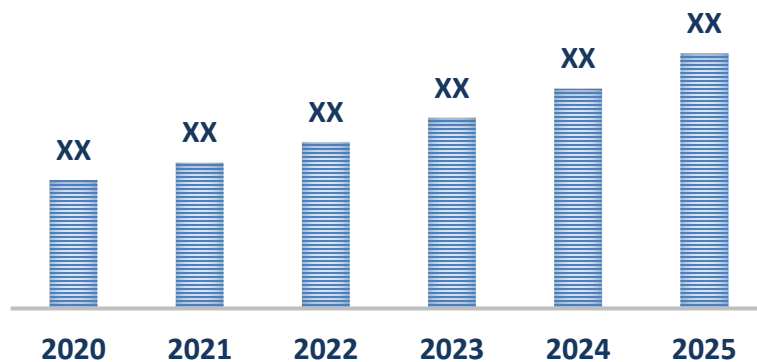

# Global Oxygen Concentrators Market

- A Growing prevalence of various types of respiratory and lung diseases with escalating number of cases of coronavirus with manufacturers focusing on ramping up their production process and partnering up with hospitals and government to meet their requirements clubbed with investment in.....
- A Moreover, sky rocketing cases of COVID19 with major economies in the world investing in meeting the burgeoning demand.....

Global Oxygen Concentrators Historical Market: Year 2015-2019

Global Oxygen Concentrators Market Forecast : Year 2020-2025

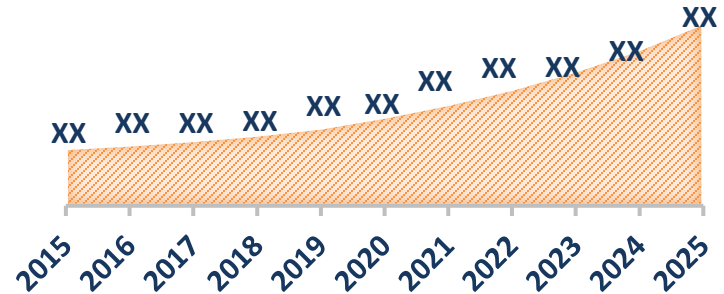

- A Enhanced focus of leading manufacturers on expanding their product portfolio clubbed with burgeoning demand for portable and home care oxygen concentrators by patients who require regular oxygen therapy and cannot breathe without support, backed with ever growing geriatric population, will accelerate the market growth in the coming years.
- A Furthermore, companies from different industries entering the Oxygen Concentrators market and collaborating with.....

# Global Oxygen Concentrators Market

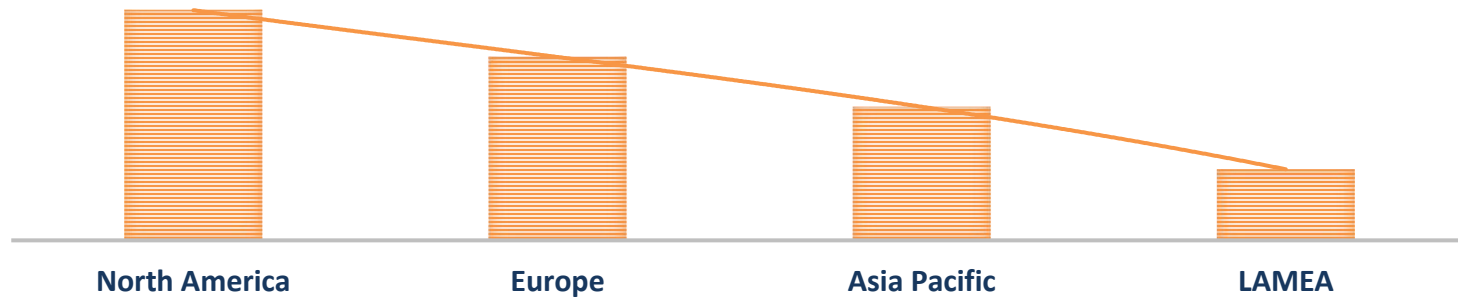

A Germany being one of the worst hit economies in Europe in terms of coronavirus cases, supported by presence of Oxygen Concentrators manufacturers including Philips, GCE Group, which are engaged in meeting the unforeseen demand for Oxygen Concentrators.....

A Additionally, growing investment in advanced technology with changing lifestyle of consumers and escalating consumption of alcohol and tobacco, has been estimated to boost the market for.....

Germany Oxygen Concentrators Market Forecast : Period Coverage - 2015 to 2025

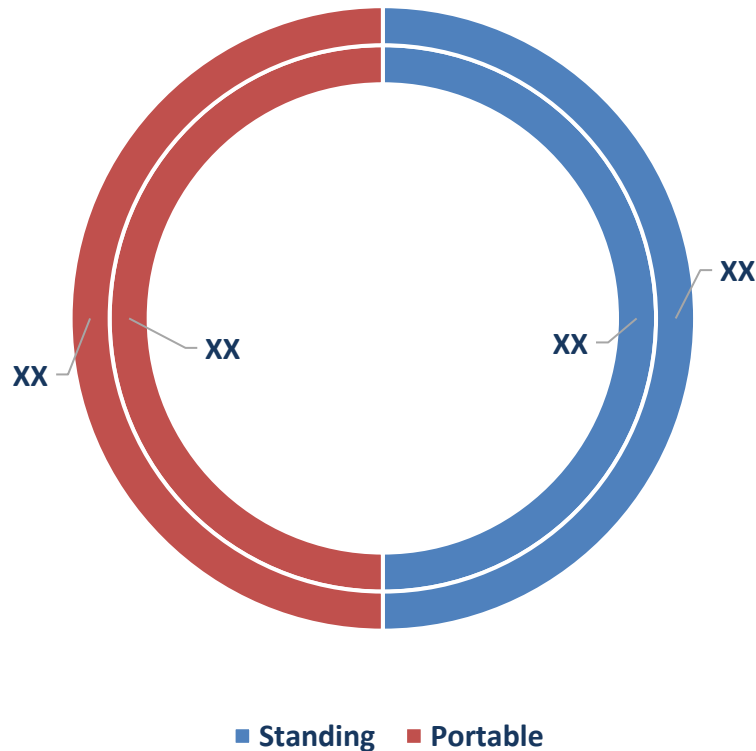

Global Oxygen Concentrators Market Forecast : Market Mix by Region, Year - 2025

# Global Oxygen Concentrators Market

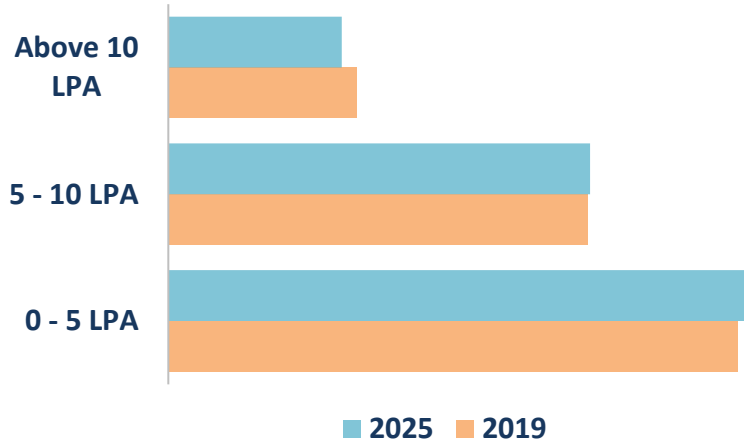

Global Oxygen Concentrators Market Share By Product Type:  
Inner Pie : Year 2019 (%)  
Outer Pie : Year 2025 (%)

- ▲ x Concentrators are estimated to occupy the market share of XX% globally in the year 2019 which is estimated to grow to XX% in 2025.
- ▲ Additionally, x Concentrators will be followed by Standing Oxygen Concentrators which attained the market share of XX% in the year 2019 and will decline to XX%.
- ▲ Moreover, leading Oxygen Concentrator manufacturers are majorly focusing on offering portable concentrators that are lightweight and can be moved easily from one place to another and are .....

# Global Oxygen Concentrators Market

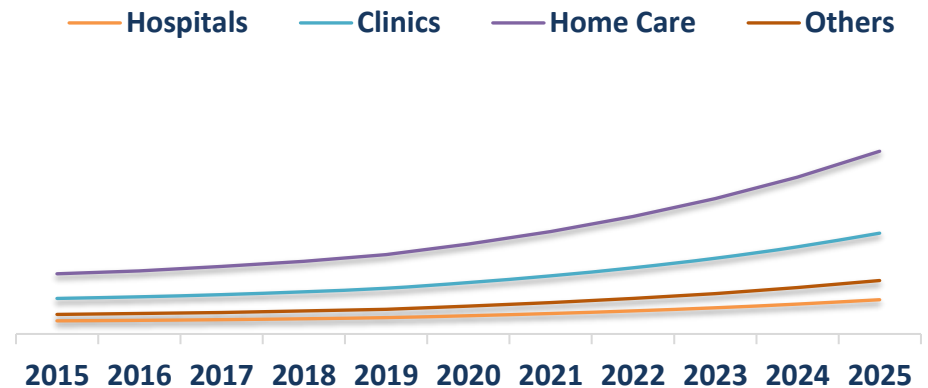

Global Oxygen Concentrators Market, By Flow Level : Market Share, 2019, 2025

- ▲ 0 – 5 LPM flow concentrators, followed by 5 – 10 LPM and Above 10 LPM concentrators, is estimated to lock a remarkable market share chiefly because of availability of various Oxygen Concentrators by leading manufacturers which are constantly investing in incorporating latest technology and expanding their product portfolio to meet.....
- ▲ Additionally, 0 – 5 LPM Concentrators will attain the market value of USD XX million in the year 2025.

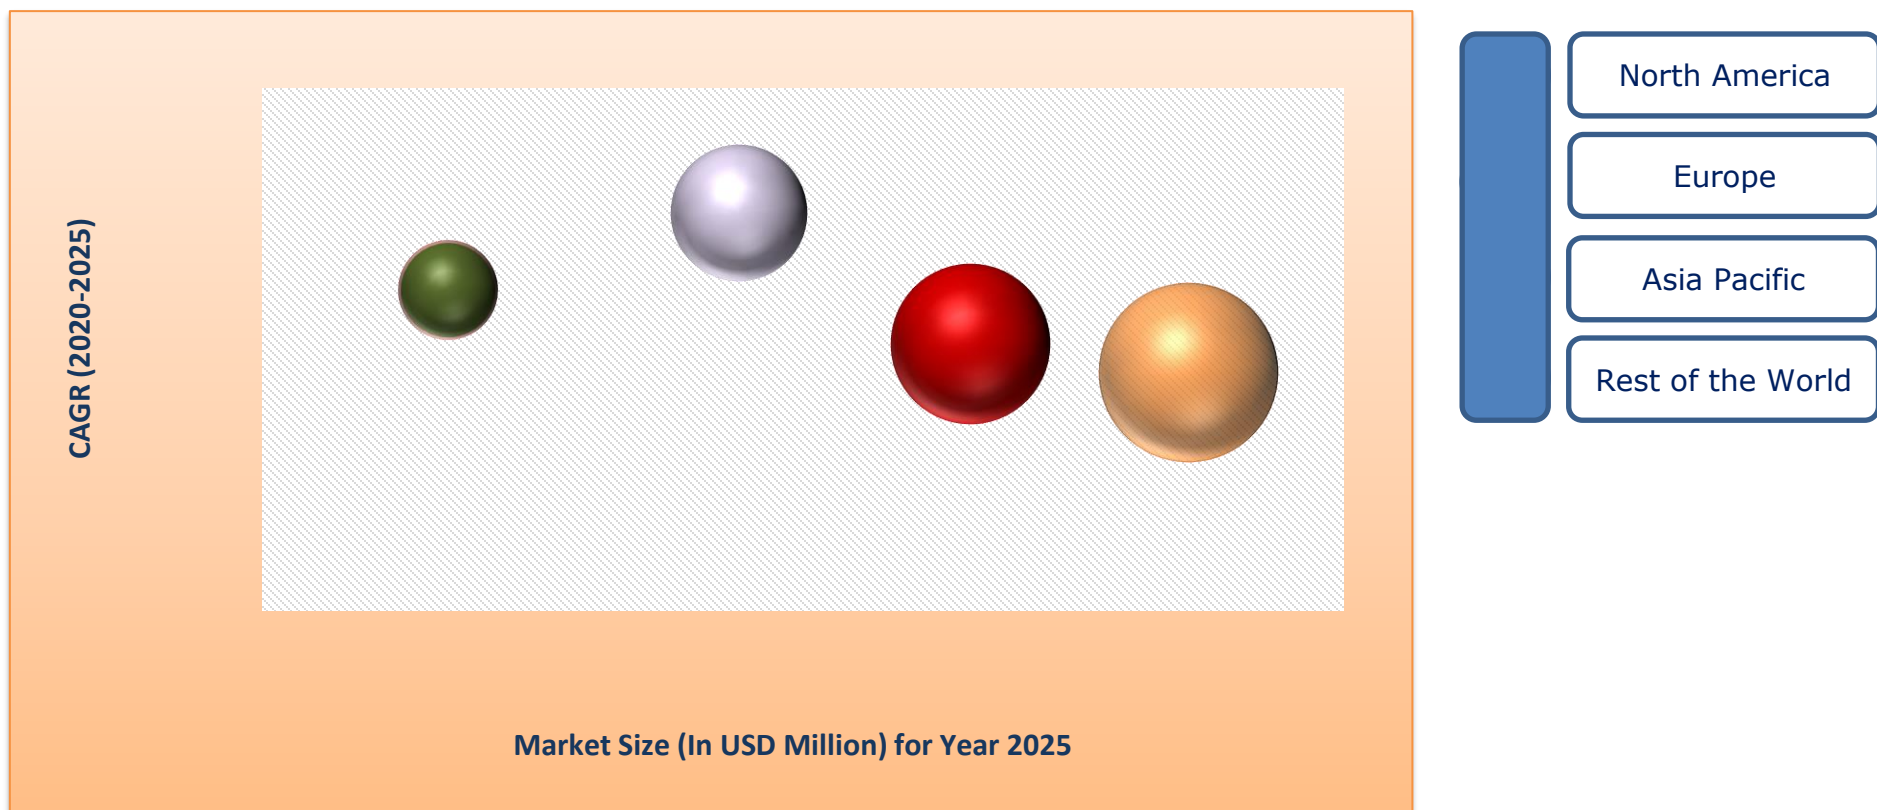

▲ Growing presence of leading Oxygen Concentrators manufacturers across the globe and escalating number of patients suffering from various respiratory and lungs diseases coupled with enhanced investment in advanced technology and government collaborating with manufacturers to ramp up the production process to meet the unprecedented demand.....

Global Oxygen Concentrators Market, By End User : 2015 to 2025

# Market Attractiveness Chart of Global Oxygen Concentrators Market – By Region, By Value

**Figure 211: Market Attractiveness Chart of Global Ventilator Market - By Region, 2025**

- ▶ X dominated the market among Regions, with market value of USD XX million in the year 2025, and CAGR of XX% during the forecasting period.
- ▶ Moreover, Asia Pacific is forecasted to grow with considerable CAGR of XX% during the coming years followed by North America and Europe.

# Market Share of Leading Oxygen Concentrators Companies

**PHILIPS**  
Healthcare

**ResMed**

**BD**

**vyaire**  
MEDICAL

**smiths**  
bringing technology to life

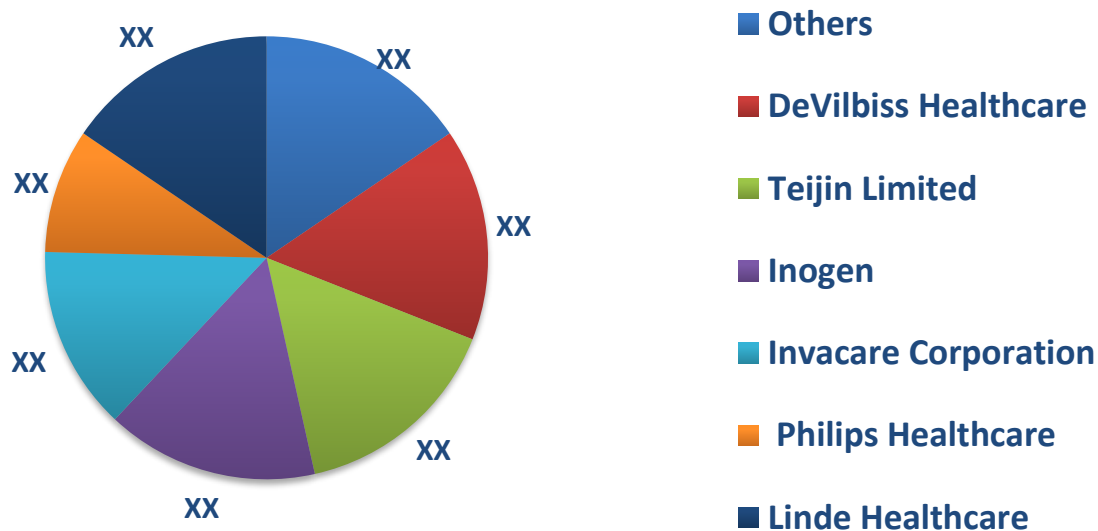

**Medtronic**

**GETINGE**

**GE Healthcare**

**Fisher & Paykel**  
HEALTHCARE

# Competitive Landscape

| Company Name         | Sales Revenue – Year 2018 | Market Share (%) | Geographical Presence | Sales Split |
|----------------------|---------------------------|------------------|-----------------------|-------------|
| Philips Healthcare   | XX%                       | XX               | --                    | XX          |
| DeVilbiss Healthcare | XX%                       | XX               | --                    | XX          |
| Teijin Limited       | XX%                       | XX               | --                    | XX          |
| Invacare Corporation | XX%                       | XX               | --                    | XX          |
| Inogen               | XX%                       | XX               | --                    | XX          |

## **About Azoth Analytics Pvt Ltd.**

Azoth Analytics (ISO 9001:2015) is a business research and analytics company that creates in-depth research reports and provides customized research solutions and consulting services. An ISO 9001:2015 certified company, Azoth Analytics adheres to international quality management standard and has strong commitment to a culture of continuous improvement. The business research and market analysis of Azoth Analytics helps organizations across different industry verticals solve their business problems. Strategic market sizing and data dredging techniques include secondary research, and primary research (interviews with management personnel and industry experts). Azoth Analytics provide syndicated and customized market research reports on different verticals including pharmaceutical and healthcare, oil and gas and power, chemicals, automotive, technology, FMCG, food & beverages and media sectors.
